Camp and Hotel Envisaged:

KOTI / CHAIL: Snow Trail Camps (Eco Camp)

CHANDIGARH: Hotel Clarion Inn (3 Star +)

Do's and Don'ts

1. PLEASE OBSERVE THE STATED SCHEDULE WITH EXACT TIMINGS.
2. Carry back all non-degradable litter such as empty bottles, tins, plastic bags etc. These must not litter the environment or be buried. They must be disposed in municipal/hotel dustbins only.
3. Observe the sanctity of holy sites, temples and local cultures.
4. Respect people's privacy while taking photographs. Ask for prior permission before taking a photograph.
5. Do not take away flora and fauna in the forms of cuttings, seeds or roots. It is illegal, especially in the Himalayas. The environment is really delicate in this region and the bio-diversity of the region has to be protected at all costs.
6. Do not adventure entering streams, rivers and other water bodies.
7. Respect local traditions and customs.
8. PLEASE FOLLOW ALL HOUSE RULES OF HOTEL/RESTAURANTS. ANY DAMAGES DONE HAS TO BE PAID BY THE STUDENTS/FACULTY BEFORE CHECK OUT.

Things to carry along (IMPORTANT)

1. Backpack light with cotton wears for plains and woollens for hills. Carry your School i-cards and 3 sets of uniform (including sports uniform-T shirts and lowers) to be worn throughout the tour.
2. Mosquito repellent cream, cold cream/moisturizer, personal vanity kit, towels, torch, etc.
3. Pen and a pad to take notes.
4. Medicines if you are under any current treatment. (First Aid kit and general medicines would be carried by us.).

Golden Rules When You Travel

1. Learn about your destination before you get there. Read guidebooks, travel articles, histories, and/or novels by local authors and pay particular attention to customs such as greetings, appropriate dress, eating behaviours, etc. Being sensitive to these customs will increase local acceptance of you as a tourist and enrich your trip.
2. Seek out and support locally owned businesses. Support local businesses during your eco-travels to ensure maximum community and conservation benefit from your spending.

Eco-Tourism in India is still at a very nascent stage, but there are for sure conscious efforts to save the fragile Himalayan Eco System and culture and heritage of the indigenous people, which is probably the largest concentration in the world.
